1973

Doctor P.

I've known you for a long time.
In this time we've seen a lot here
at school. They've messed over a
lot of people. But you and I have
held out we're just too strong. They
messed up the trio of Pearce, Hunter
& Sanders. I remember all the good
times & the parties. Catching smokes
on the side of the gym. Next year
hope to see you. Maybe I'll get a
car and can be cool like Banshoff.
I'll drive down & see you. When you go to
college remember to write. Leave your
address so I can write you. I'll
miss you. School won't be the same.
Maybe it sounds corny, but I don't care.
Best of luck, have a prosperous future.

OFFICE OF HEADMASTER

Headmaster's Letter

This academic year 1972-73 has been a very encouraging one for Phelps. Where we hear of other independent schools having difficulty with students, enrollment, finances, and staff; we are particularly blessed and fortunate that such is not our lot. But, rather, the dedication of staff, Alumni, parents and friends of Phelps has made it possible for us to upgrade our plant, staff, and services for our students.

This year the twenty-six young men of our graduating class are most outstanding; many have been with us from four to five years, and are Phelps boys in every sense of the word. They have truly a noble outlook upon life, are splendid citizens, and have contributed to the welfare of the school, as I know they will to their communities and the future as time moves on.

This year marks a first for Phelps students of eighteen years of age to vote in Federal elections, and all those so eligible performed their duties as a citizen. I am delighted with this new law; I have always felt that if a citizen at eighteen is required to fight for his country, certainly he should be enfranchised.

Throughout the year the members of the Alumni have been extremely helpful to the school, and many have personally visited the campus. I was especially pleased with the large turnout on Alumni Weekend — the Phelps family is indeed growing, and I am very pleased. Incidentally, this is the tenth year that the Alumni have defeated the Seniors in a softball game on Alumni Weekend.

I am extremely delighted with the excellence of the publications of the **Sundial** and **Hilldene**. This year there has been more student participation in both publications than ever before, with the result that they are to be commended for the quality, interest and dedication that each member of the staff contributed. Congratulations upon a job well done.

One of the great highlights of the year was a dedication of the Howard Lyon Gymnasium. I can think of no man who has had greater influence upon all our students for the past twenty years than Howard Lyon. It was with great honor that on Wednesday, November fifteenth, 1972 a general assembly was held outside the gym and a bronze plaque was unveiled. It read: Howard Hall Lyon Gymnasium, Dedicated November 1972 in Honor of Howard Hall Lyon, Distinguished Director of Athletics.

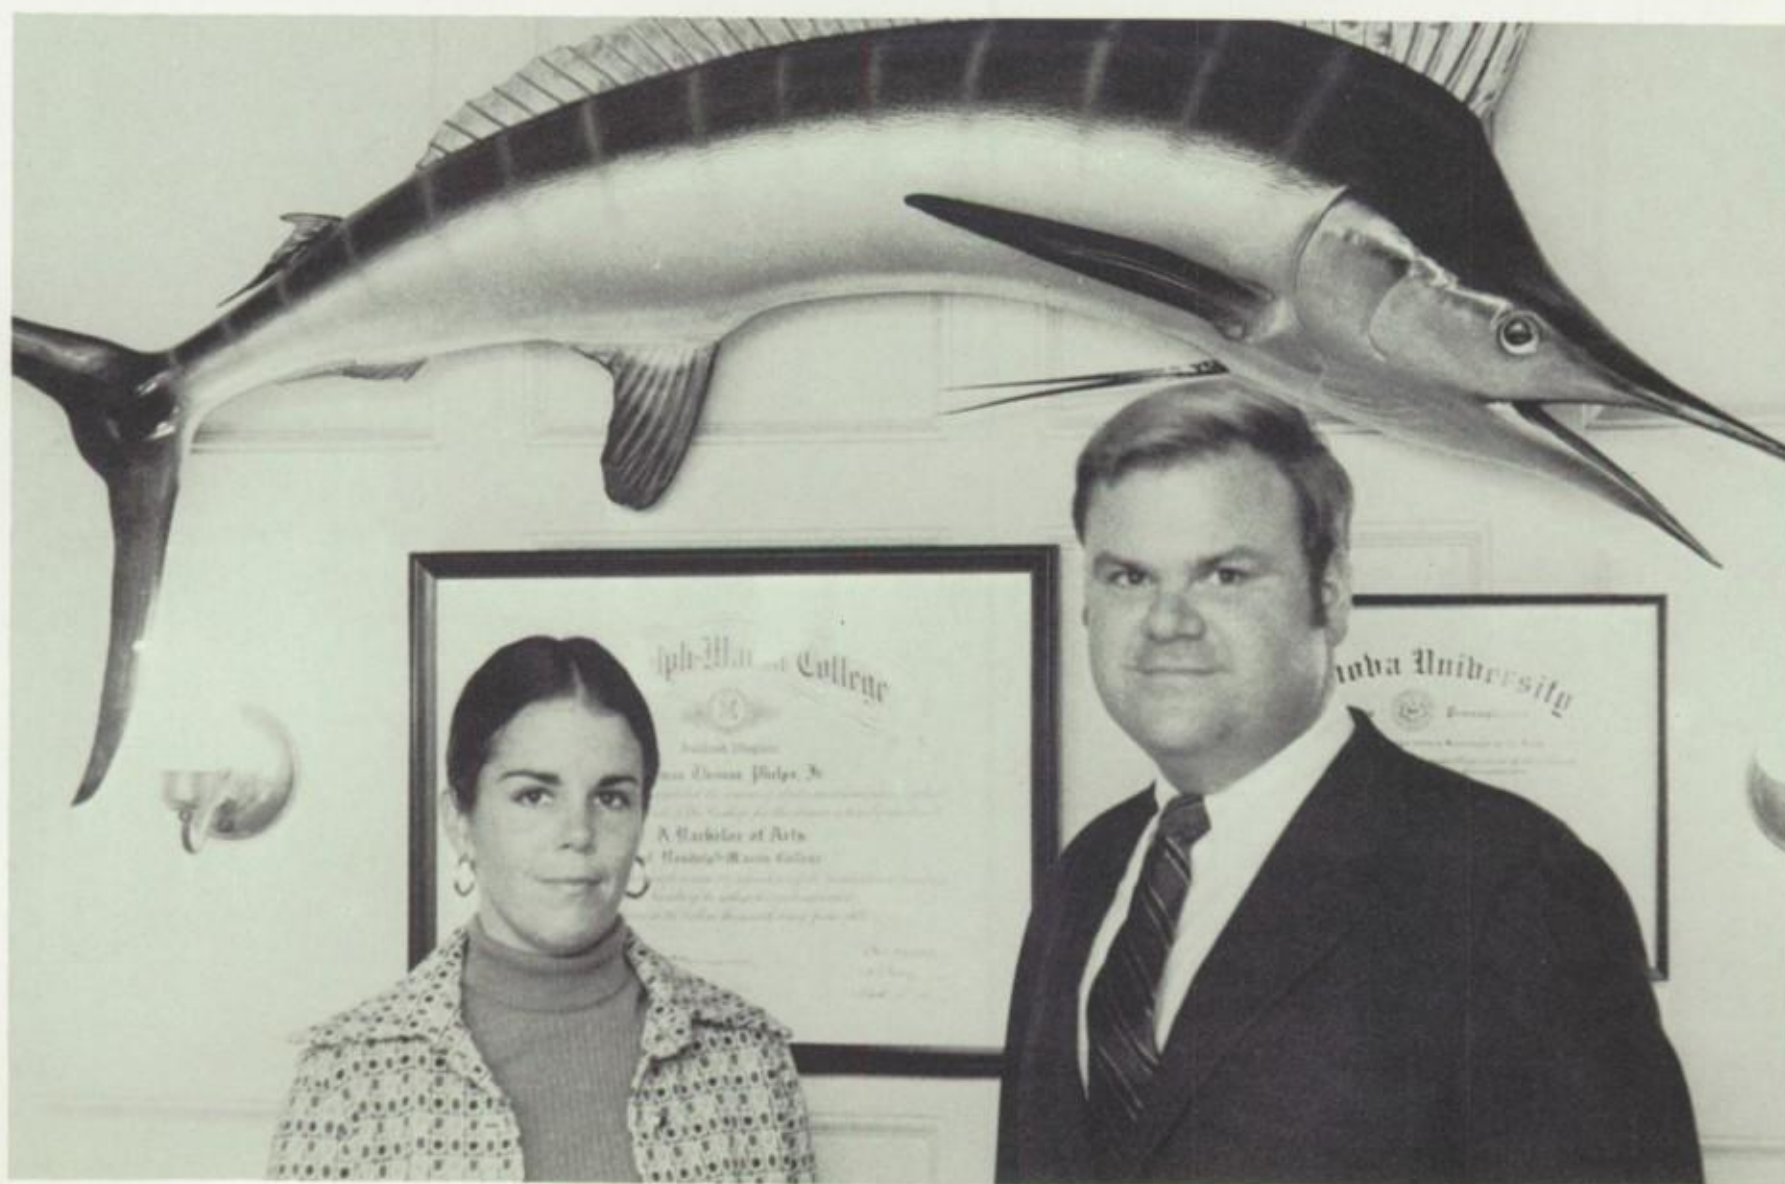

I think, without question, we have faced a turn in the direction of the country; our students are definitely more interested in contributing to the future and making this country a better country in which to live. The reactionaries and left-wing destroyers are becoming bad memories to our educational system and to our country, and our courageous President is firmly supported by the people.

Sincerely yours,

Norman T. Phelps

IN MEMORIAM

BRUCE GUENST

It is with deep sorrow that the HILLDENE staff includes a memoriam in honor of former graduate, Bruce Guenst. Bruce was a member of the Class of '71. He will be remembered by his fellow classmates as a quiet, sincere person. Bruce did well academically, and chose the field of mechanical drawing as a career, and was actively engaged in this career at the time of his sudden passing. To Bruce's family, the Faculty and Student Body extend deepest sympathy. Bruce is gone, but he will not be forgotten.

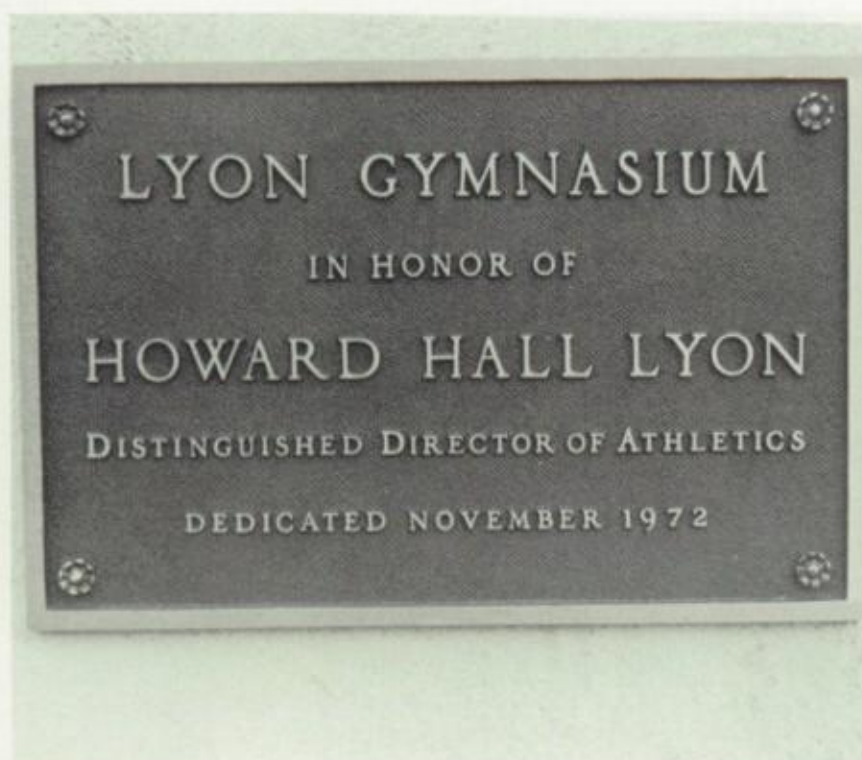

TRIBUTE TO "BIRD"

Once in awhile, there comes to a school, an instructor who is exceptionally loyal, dedicated, and above all, sincere. Such a man is Mr. Howard Hall Lyon, better known to all of the students as "Bird." This is Mr. Lyon's twentieth year of association with The Phelps School. How proper and fitting it was, when, on November fifteenth, the Headmaster held a special assembly in front of the gymnasium and announced that the Board of Directors had chosen to name the gymnasium in Mr. Lyon's honor. Thus, the name of the gymnasium is now Lyon Gymnasium, in honor of Howard Hall Lyon. "Bird" — congratulations to you and may you have many, many more years at Phelps.

DEDICATION

WILLARD A. BOYES

Each year, the Senior Class considers it a privilege to dedicate the HILLDENE to a specific Master. The Class of 1973 has chosen to dedicate this year's annual to a Master who is quiet, sincere, and above all, truly dedicated to the philosophy of The Phelps School. Though he is only in his second year of the teaching profession, he has captured the respect of the students, as well as his fellow faculty members. In March, he married the former Barbara Tupitza, who is a lovely, warm, and understanding individual. The Class of 1973 is proud to dedicate the 1973 HILLDENE to Mr. Willard A. Boyes, and wants to take this opportunity to wish Mr. and Mrs. Boyes many, many years of happiness. Thank you, Sir!

NORMAN T. PHELPS, JR.

Mr. Phelps, Jr. is the Assistant Headmaster. As a Randolph-Macon graduate, he returned to Phelps in 1964 to begin his teaching career. This past summer, he received his Masters Degree from Villanova University. His duties are numerous and the responsibility that accompanies his position is burdensome, but he manages to survive each day. Mr. Phelps is patient and understanding and willing to counsel any student who seeks advice. He teaches conservation and government and manages the afternoon activity program. Mr. Phelps and his wife Evelyn, live at the Homestead with their two daughters, Tiffany and Stephanie.

HOWARD HALL LYON

Mr. Lyon earned his Masters Degree at Springfield College. Now in his twentieth year, Mr. Lyon not only serves as the housemaster for Beattie Hall Second Deck, but is the Director of Athletics, Advisor for the Varsity Club, Chairman of the Appeals Board, President of the Keystone Athletic Conference (for the sixth year), and coaches varsity soccer and varsity lacrosse. His interests include photography, surfing, and snow skiing.

GEORGE ARTHUR REED

Dean Reed is a graduate of Springfield College. He has been at Phelps two years and has a sound understanding of the school's philosophy and objectives. The Dean is the Chairman of the English Department and supervises the school's publications. In addition to teaching English, he also has charge of the boys in Rosengarten Hall. Mr. Reed is quiet, sincere, and understanding of each boy's needs. In his free time, Mr. Reed enjoys reading.

EARL GAINS

Mr. Gains is an important man on the campus. In addition to teaching industrial arts and shop, he is the Superintendent of Grounds. Mr. Gains and his wife, Peg, are the housemasters of Gains' Annex. When bulbs need replacing, windows and doors need fixing, pumps need adjustment, the senior housemasters coming running to "Pop." Regardless of the hour of the day or night, Mr. Gains can be relied upon to render assistance. "Pop" is sincere and understanding, and it is no wonder why former graduates always take time to stop in to see the Gains' when they return to their Alma Mater.

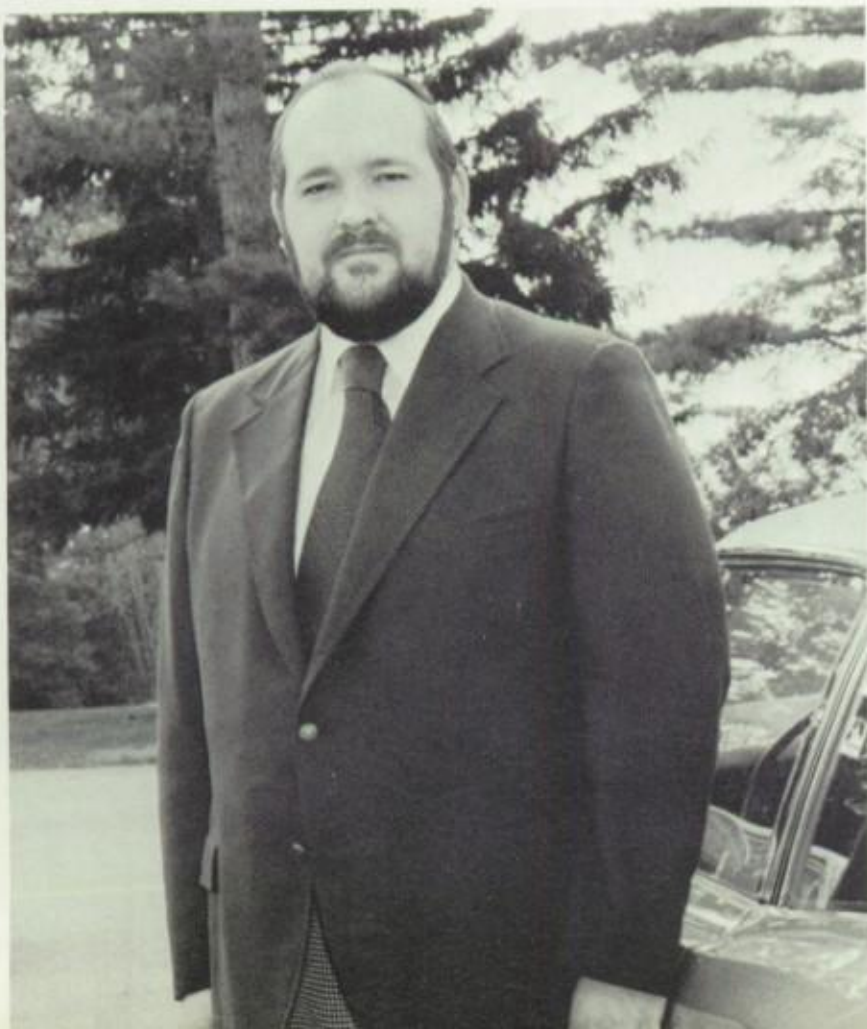

ROBERT C. RINEHIMER, JR.

Mr. Rinehimer is a graduate of Windham College and will earn his Masters at Wilkes College. In addition to teaching reading, Mr. Rinehimer is the advisor to **The Hildene** and Director of Assembly Programs. As Senior Housemaster of the Farmhouse, Mr. Rinehimer is responsible for the welfare of thirty-three boys. Mr. Rinehimer has been teaching at Phelps for nine years. In addition to his duties at the school, he serves as Secretary to The Phelps School Alumni Association.

ROSS ALLEN SIMMONS

"Big Daddy" or "The Duke" hails from West Virginia. Mr. Simmons is a graduate of Shephard College and is currently attending the University of Colorado. He is the housemaster of Beattie Hall First Deck, and coaches Varsity Basketball. He teaches math and physiology. This year, Mr. Simmons added a new activity to the program, namely auto mechanics, which held the interests of many boys. Mr. Simmons enjoys photography and cars. Our library, which the boys enjoy using, is under the supervision of Mr. Simmons and he is solely responsible for the most attractive appearance of the room.

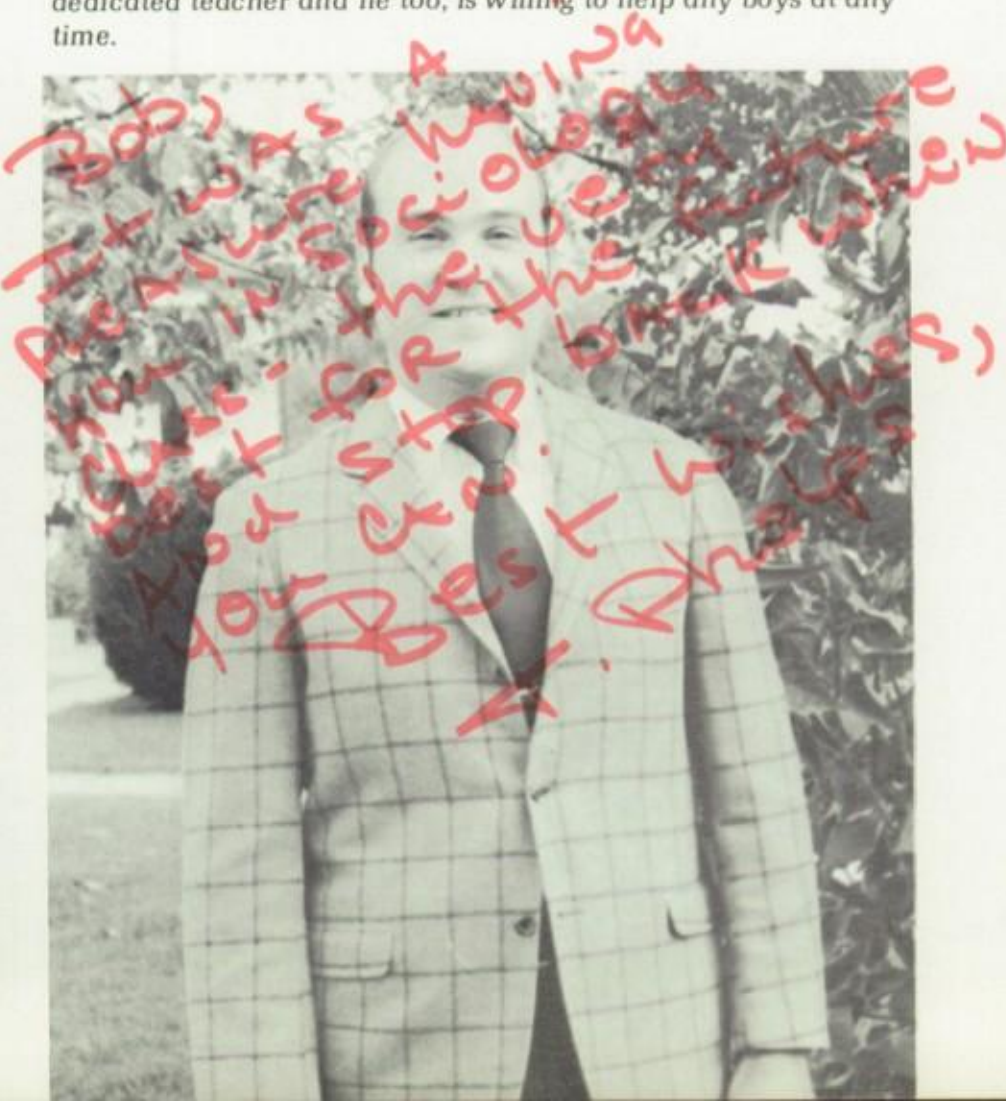

BARBARA CHAIKO

Mrs. Chaiko joined the Staff in early February and is the Headmaster's secretary. Prior to coming to Phelps, Mrs. Chaiko was a secretary at Phillips-Andover Academy. She graduated from Bardavon Business School in Baltimore, Maryland and then took to the air serving as a stewardess with United Air Lines. On a special flight, she met the man she would marry. We are pleased to have Mrs. Chaiko with us at Phelps.

TIMOTHY R. PHELPS

Mr. "T" is a graduate of Moravian College. A true equestrian, Mr. T. Phelps takes the advance riders out on the trails each afternoon and helps Mr. Miller with the riding program in general. Mr. "T" loves history and is a highly qualified history instructor. The boys enjoy his classes and have a deeper understanding of the course content as the result of his teaching. Hill-top is under Mr. "T" 's supervision and he also finds time to manage Cache, the school store. His interests include reading and traveling, and recording school events on film. Mr. "T" is a dedicated teacher and he too, is willing to help any boys at any time.

*'Buena suerte en los
que haces!
A. Mariani*

ALFRED A. MARIANI, JR.

The Spanish instructor is a graduate of King's College. Mr. Mariani speaks Spanish fluently and the boys who take Spanish benefit from his teaching. In addition to his teaching responsibilities, Mr. Mariani is the housemaster of the Cabin and advisor for the Spanish Club. In addition to teaching Spanish, he has a geography class and an English class.

MR. AND MRS. MICHAEL PATTON

Mr. and Mrs. Patton are graduates of Moravian College and the University of Connecticut, respectively. Mr. Patton teaches economics and American Culture. His interests include cars and sports and at Phelps, he coaches JV soccer, wrestling, and track. He is also advisor to the trap club. Mrs. Patton teaches English and is the advisor to the **Sundial** staff, which publishes our school paper. The Pattons are both kind and sincere and willing to lend a helping hand.

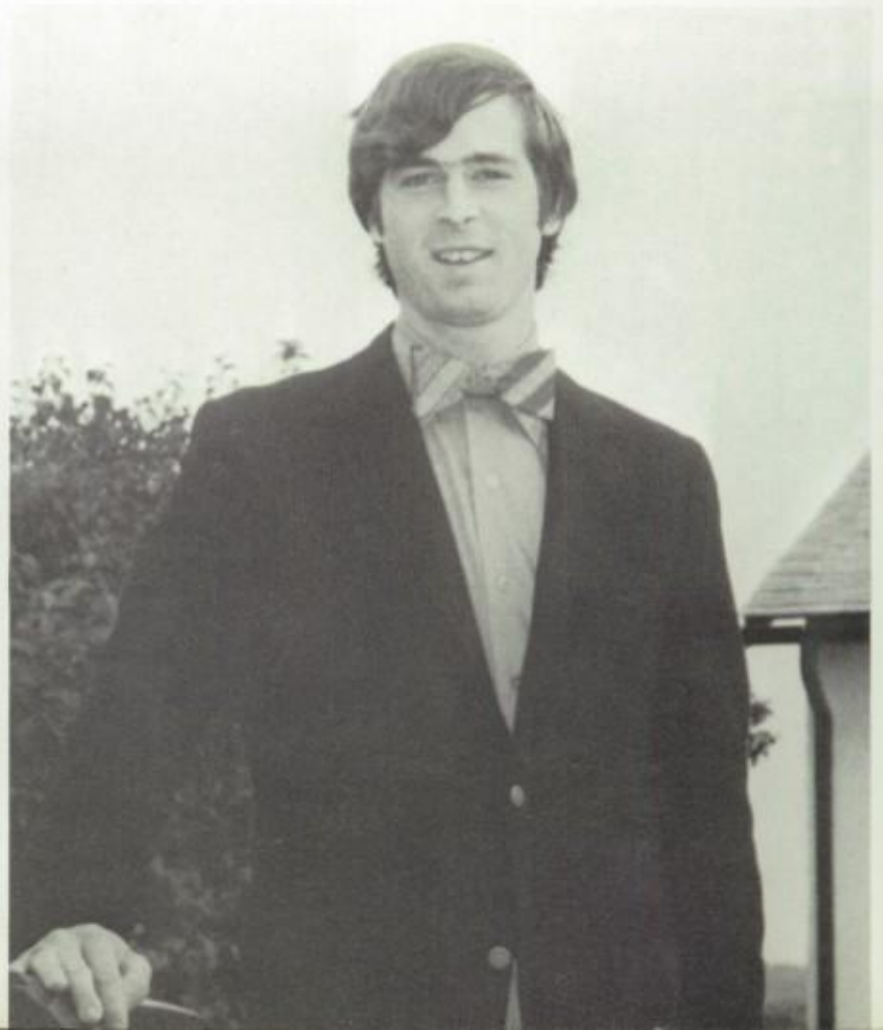

ROBERT S. RETTEW

Hobart College is Mr. Rettew's Alma Mater. Mr. Rettew is an outdoorsman, interested in boating and camping. He also enjoys music and carpentry work in his free time. Here at Phelps, Mr. Rettew teaches biology, chemistry, general science and technical science. The greenhouse and the animals are under his supervision as well as the science club, photo club, and the electronics club. Mr. Rettew is a sincere and understanding person.

Bob - I have been told I am your Best friend. I have many places to go. I am going to the Duck & Hoffmann's. Really of course.

WILLARD ARTHUR BOYES

Mr. Boyes hails from Houghton College. This is his second year at Phelps. Mr. Boyes was married over Spring vacation and he and his lovely new wife, Barbara, are kind, sincere, and understanding. Mr. Boyes teaches algebra, trigonometry, and geometry. He coaches cross-country, track, and JV basketball. His interests include classical music and reading. The new groom was assistant housemaster at the Farmhouse until his marriage.

ANNE P. LIEBERT

Mrs. Liebert is the art instructor of the school and has art classes on Wednesday and Saturdays. Mrs. Liebert holds a B.F.A. Degree from Tyler School of Art- Temple University. Here at Phelps those boys who are genuinely interested in art may participate in her classes. It is Mrs. Liebert's main goal to present a varied fine arts program, which she does, and does so well.

JOSEPH J. CONSTANTINE

Mr. Constantine is a graduate of St. Joseph's College. Here at Phelps, he holds the position of Business Manager and Financial Controller. In addition to graduating from St. Joseph's College, he also attended The American Institute of Banking and The Junto School of Business. All of the boys like Mr. Constantine and consider him a trustworthy individual.

DORIS HILL

Mrs. Hill is a graduate of Goldey-Beacom School of Business, and is Secretary to the Assistant Headmaster. Mrs. Hill's day begins with the boys reporting for sick call or for schedule changes. Throughout the day, it is this lady who makes certain that messages are taken and received and that everyone is kept aware of happenings as they occur. She is willing to listen to any boy and has solved many problems for the homesick ones at the beginning of the school year.

WALTER VIVIAN

Mr. Vivian is the Chef and it is his sole responsibility to make certain that the student body is fed three times daily. His job is a difficult one and no one really knows or can feel just how difficult his job is and we are all most grateful for his service. The Chef enjoys cooking, but most of all, he enjoys giving a small fry a bite to eat between meals.

CRAIG MORRISON

Mr. Morrison joined the Faculty this year, having graduated from Clemson College. Mr. Morrison teaches general science, business math, and accounting. He is the assistant housemaster of Rosengarten Hall and assists with the auto mechanics program.

MR. AND MRS. JOHN MILLER

The Millers are 'old timers' at Phelps. Mrs. Miller keeps herself busy throughout the day by tidying up the offices, making certain the dining commons are in ship shape, and by making sure the faculty lounge has plenty of coffee at the break. Mr. Miller is the Riding Master and can be found each afternoon in the riding ring teaching the boys to ride. In their spare time, they like to head to their small mountain retreat in the Poconos. They usually return with a buck or two during hunting season.

HARRY VANDEMARK

Mr. Vandemark is our custodian and he has a busy day every day. From morning til night, he usually has bulbs or windows to replace. If vacuuming is in order, he is the man who performs this chore. "Harry" is well-liked by the boys and finds time to talk to them and even give some of his good old advice. Harry is a kind man and an extremely hard worker.

RALPH GRUBE

Any chef needs an assistant and Mr. Grube is Mr. Vivian's right-hand man. It is not an easy task to feed a large group of boys three times a day, but our cuisine does manage and manages well. "Ralph" is always pleasant and enjoys his work.

L. CLIFFORD LEWIS, M.D.

Any physician who takes on the task of being the "school doctor" has a tremendous responsibility. Dr. Lewis is an outstanding physician and highly qualified. There is no fooling around in his office and what he says, must go. We all owe Dr. Lewis a great deal of gratitude.

ROBERT GERMSCHIED

Mr. Germscheid, who resides in our Nation's Capital, is the Director of The Phelps School Development Fund. In this day and age, when private schools face financial burdens, his sound advice and assistance makes it possible for Phelps to be so financially sound.

**WALTER VIVIAN
CHEF**

The Chef is an important person in any institution and the same goes for Phelps. Mr. Vivian is our Chef and he has the responsibility of feeding the boys three times daily. From time to time a hungry boy may drop into the kitchen to say hello, and generally, he will soon have a bite to eat. No boy goes around starving at Phelps, thanks to this dedicated individual.

All in all, this was a good year. The proctors did a splendid (?) job always maintaining order and silence. Lights were out on time and just look at all of those first we received in inspection. "Bird's" birthday party was a success and Mr. Simmons looks good in his maroon sport coat given to him by his boys. Now, the year comes to a close and we must bid farewell to the Seniors who resided in Beattie Hall. They had a long, hard year, but they are pleased to have been seniors at Phelps.

The boys arrived in September, many of them were homesick. After three or four weeks this feeling diminished and they were off to a good year. Cohen, Gedney, and Summer were such a big help. Good old Joe supplied the boys with pizzas and hoagies. Fred slammed more ping-pong balls than anyone else- Fred bought more ping-pong balls than anyone else. too. Mr. Boyes claims he is the champ at the ping-pong table-but Olson, Sahadi, and Lewis think otherwise. The proctors, Levy, Gross, Cook, and Sipp did a good job- Cook was mainly interested in keeping his stomach full. The housemaster, Mr. Rinehimer survived another year with the youngest boys.

The Cabin is a quiet dormitory and only quiet men reside there. This year, they were under the strong guidance and influence of Skip Bunting. Remember those nights when the Cabin was under attack by other dorms-those snowballs flying through the windows hitting Tom, Mark, and Jerry on the head? Wolfe riding his bike-that was a sight! One of the boys, Richard Ambrecht, took the course titled culinary art and learned to make cakes-Skip Bunting also learned to bake? The housemaster, Mr. Mariani, simply did not believe that this year passed before his very eyes.

Subject THIS YEAR

Well, the five of you managed to make it through the year. Fleming and Holden wrestled and argued every night, smashing windows and breaking down the door. Volk and Buncher kept the place neat and Owen seemed baffled by all that happened before his eyes. "Pop" and Mrs. Gains will now be able to relax and have a QUIET summer, and Gus will now be able to sleep without rumbles next door. To Mr. John Gains goes a great deal of thanks for playing football with Holden and Fleming--too bad Mr. Gains--but nothing wears them out!

APPEALS COMMITTEE

Seated: Mr. Gains, Chairman Lyon, and Mr. Phelps, Jr. Standing: Council Secretary, Hecht; Mr. T. Phelps, and Mr. Rinehimer.

The Appeals Committee was established for the purpose of determining whether or not a student was given demerits or hours without justification. The Board has the power to reverse, ameliorate, or suspend demerits or hours. Fortunately, this year, the Board did not find it necessary to hold many hearings.

HILLDENE STAFF

Faculty Advisor, Mr. Rinehimer, with the Editors: Edward Birdsall, James Weigelt, and Tim White.

Is that all she charges???

The HILLDENE is our yearbook and is published by a student staff with the aid of a faculty advisor. This year, the staff made many changes as you can plainly see and added candid pages. It is a difficult task to put the entire book together, but this year's staff is to be commended for a splendid job.

Front: Birdsall, Mr. Rinehimer, Weigelt. Middle: Hughes, Gross, Fisher, Cook, Humphrey. Back: Rosenberg, White, Hoffman.

SUNDIAL

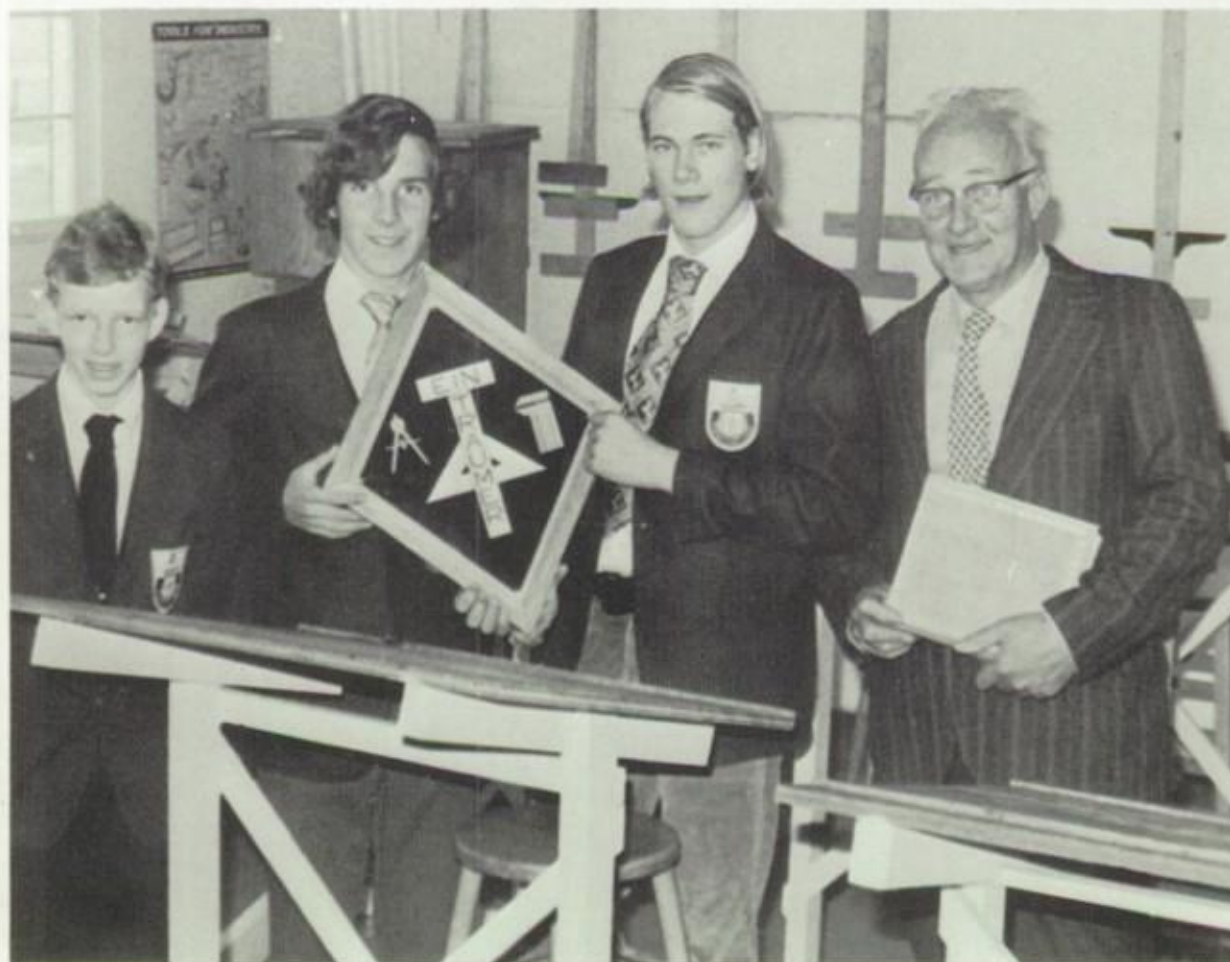

The SUNDIAL is our school newspaper and is issued monthly. Various happenings are recorded, dormitory news is included, plus articles of interest contributed by students. The staff works hard publishing the SUNDIAL and hopes that the students enjoy and save their copies.

Advisor Mrs. Patton and Editors: Levy and Allison.

The EIN TRAUMER group consists of students who have earned and maintain a 'B' average in mechanical drawing. The boys learn the many phases of mechanical drawing under the expert guidance of Mr. Gains. Various trips are taken for the purpose of seeing just how mechanical drawing is applied in the outside world.

ELECTRONICS CLUB

Front: Westhaeffer, Vierstra, Cullison, Kolchin. Back: Jenckes, Advisor Rettew, Hill, Paulus, Morris.

Many of the boys may apply for membership in the electronics club. Some of the boys build radios from kits, while others tinker and repair with television sets, record players, etc. Trips are planned from time to time to local radio stations and the members have an annual outing.

PHOTO CLUB

Front: Cullison, Kolchin, Willison, Mitchell. Back: Advisor Rettew, Post, Edgar, VanHouten, Schrody, Dowd, Rushton, Volk.

Members of the photo club take candid photos throughout the campus. Some of the boys develop and enlarge their own pictures in our dark room. The boys in the club take trips to local historical points of interest for the purpose of photographing these places.

ASSEMBLY PROGRAMS

Front: Cook and Paulus. Middle: Westhaeffer and Jenckes. Rear: Silverberg, Gross, Mr. Rinehimer, Director; Levy, Assistant; Humphrey.

"Hans" - the K-9 Corps. representative who performed attack skills in October.

Once again, the Assembly staff strived hard to present weekly programs of the highest calibre. WPVI TV 6's newscaster, Larry Kane, explained the role of the news media, and told of his visit to The White House for a news conference with the President. KYW TV 3's weatherman, Bill Kuster, told the boys how he predicts the daily weather and what it is like to be in a studio several hours each day. The Philadelphia K-9 Corps was represented by Officer Appolonia and his dog, 'Hans,' who performed attack skills. Cleveland Grant, a naturalist and a Disney representative, took us on a safari to the Kalahari Desert of Africa. Other programs of interest were a representative from the FBI, a survivor of an airline crash, and The Pennsylvania State Police.

The Varsity Club has one goal in mind, namely to promote school spirit. This year, the members led the school in cheers on days of games. The most spirit seemed to have taken place during the basketball season, for our Varsity team had an outstanding record. Mr. Lyon took the members of this club to see various professional games in Philadelphia.

RIFLE CLUB

The Rifle Club is under the jurisdiction of Mr. Phelps, Jr. On bright sunny afternoons during the periods of good weather, Mr. Phelps and the club members can be found at the rifle range, located near the Homestead pond. Many of the club members work toward earning awards sponsored by the National Rifle Association. The members are taught care and respect of guns by Mr. Phelps. Sometimes, they are fortunate enough to go crow shooting.

Sunday is trap shooting day at Phelps. Mr. Patton and the Trap Club members meet in the afternoons behind the Farmhouse at the trap location. There, they attempt to shoot at the clay pigeons that have been hurled into the air from the trap hut several yards ahead.

The Art Club is under the supervision of Mrs. Liebert. The boys take art two times a week and frequently display their works around the campus. On graduation day, parents and friends find a variety of works of art in the Chapel, the dining commons, and the commons room.

LIBRARY STAFF

The Librarian, Mr. Simmons, and his two aids, Sterling Johnson and Robbie Goes, work hard throughout the year to maintain the library. New books must be catalogued with rapidity and the task of keeping track of all the books and magazines must be constant. Robbie and Sterling did a splendid job this year.

CUISINE

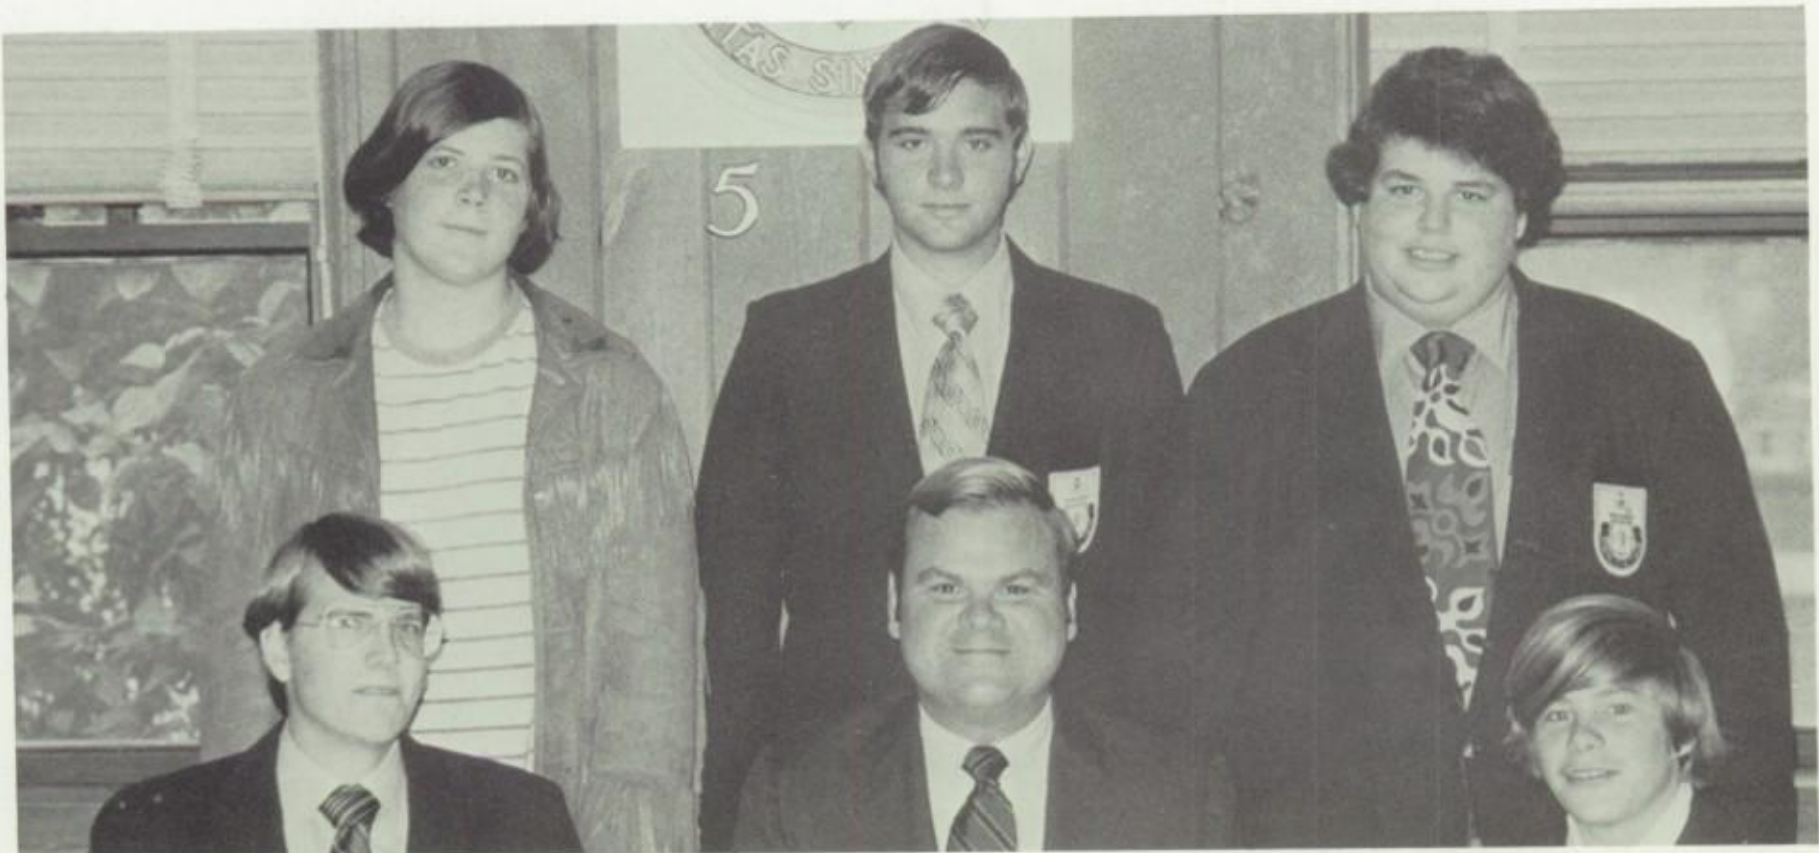

Humphrey, Chef Vivian, Armbrecht, and Bunting.

To prepare and serve three meals daily to a student body is, indeed, a burdensome task. The Cuisine Staff assists the Chef and makes certain that the kitchen runs smoothly. Two of the members of this staff, Richard Armbrecht and Skip Bunting, were taught culinary art by the Chef during one period each day.

WEDNESDAY EVENING CREW

As in years past, Wednesday evening is Mr. Vivian's evening out of the kitchen, and so, the Wednesday evening crew has the task of feeding the entire school. Generally, Mr. Phelps, Jr., and his staff report to the kitchen in the late afternoon and begin the preparations. Mr. Phelps tells us that his specialty is his spaghetti!

Seated: Allison, Mr. Phelps, Jr., and Sumner. Standing: Gedney, Bunting, and Herman.

The headwaiters are responsible for the smooth operation of the dining commons. Making certain that waiters are on time, tables properly set, and that the meal is served efficiently is a difficult task, but the headwaiters did a splendid job this year.

HEADWAITERS

Seated: Banzhoff. Standing: Maganzini, Perry, Jenkins.

KITCHEN CREW

The cleanliness of the kitchen and all utensils is the responsibility placed upon the kitchen crew. There are three crews: breakfast crew, the lunch crew, and the dinner crew. When each crew begins its task, the members of that crew can be heard screaming for important positions such as "diving," "stacking," or "putting away."

Front: Fisher, M., Gedney, VanHouten, Fleming, A., Sipp, Volk, Hughes, Goldstan. Middle: Johnson, S., Fisher, J., Peter, Manager; Gallagher. Back: Hecht, Lombard, Johnson, W., Buncher, Goes, Peters, White, Allison, Herman.

AGGIES

Many of the boys are interested in the various phases of agriculture. These boys are eligible for membership in the Aggies. Some of the club members raise their own animals, such as angus, sheep, or chickens. Other club members participate in the riding program while others enjoy driving the many pieces of farm equipment. The club meets on Wednesday evenings and sees films related to agriculture. This year, the club took trips to farm shows and horse shows in the vicinity.

RIDING

Many of the boys like to ride and they may do so each afternoon and on weekends. The beginners are taken to the ring near the barn and are taught by Mr. Miller, the Riding Master. It is amazing to see just how much these beginners learn within the period of one year under Mr. Miller's guidance. The more advanced riders may take to the trails with Mr. T. Phelps, the Assistant Riding Master. The riders are responsible for the well being of the horses. The riders sponsor the annual horse show in May and they visit small shows in the area.

SURFING

SKIING

The two sports on this page are becoming more and more popular at Phelps. Mr. Lyon takes boys to the sunny Jersey shore during warm weather so that they may have an opportunity to go surfing. Generally, a good bus load departs early Sunday morning and returns just before dinner. When the snow begins to fall, "Bird" begins to announce that ski trips will be departing for the Poconos and that the boys may ski at Big Boulder, Camelback and other noted ski resorts. These trips are always enjoyed by the boys who participate. "Thanks, Bird."

MAINTENANCE STAFF

Kneeling: Stewart. Standing: Willison, Harry, "Pop", Lombard.

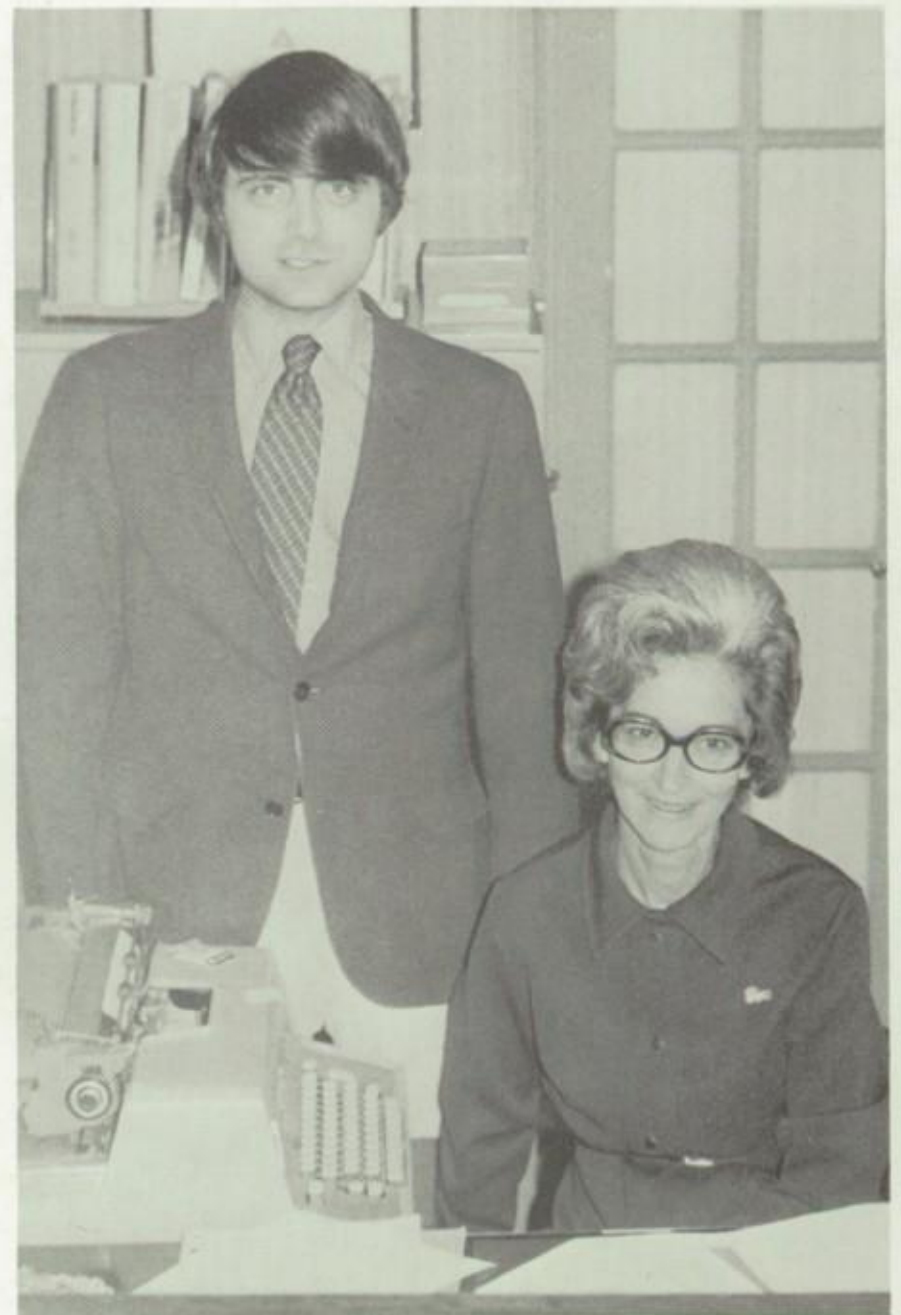

The Maintenance staff is under the supervision of Mr. Gains, our Building and Grounds Superintendent. Each afternoon, Harry and his helpers can generally be found replacing a broken window, a leaky faucet, repairing a vacuum cleaner or just about anything that has to be done. The boys that were on the crew enjoyed working with "Pop" and Harry.

Phooey to you. I AM THE EXECUTIVE SECRETARY.

Without Mrs. Hill and Mr. Constantine, the office would come to a halt. Mrs. Hill keeps herself occupied by doing the secretarial work for Mr. Phelps, Jr., and the Headmaster. She makes dental appointments, doctor appointments, and also assists Mr. Constantine. The financial worries are in the hands of Mr. "C". He issues cache cards, allowances, and has the job of sending the bills. Both of these people are kind and understanding.

OFFICE STAFF
